SUPERIOR FORK EXTENSION

STANDARD EXTENSIONS

Formed C-channel style, most common type used. A standard U-shaped retainment strap holds the extension to the fork.

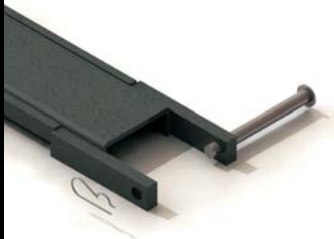

QUICK DISCONNECT EXTENSIONS

Formed C-channel style with a pull pin retainment strap for easy on and off.

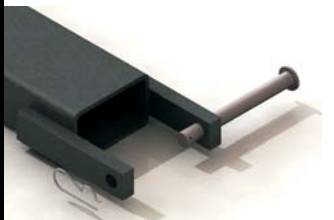

HEAVY DUTY EXTENSIONS

Formed C-channel style with reinforcement strap welded down each side of the extension for added capacity. Adds 25% to the original capacity.

HEAVY DUTY, QUICK DISCONNECT EXTENSIONS

Formed C-channel style with reinforcement strap welded down each side of the extension for added capacity. Adds 25% to the original capacity. Also has a pull pin retainment strap for easy on and off.

BOXED EXTENSIONS

Completely boxed in style extension with a pull pin retainment strap. This style extension adds 50% to the original capacity. This extension completely envelops the fork.

Special extensions designed and made upon request!
